

Business Skills - Working with Commissioners

Participants will:

- Meet and work with Commissioners
- Prepare a Business Case and a pitch
- Work with each other and the Commissioners to present their pitch
- Get assistance after the workshop

Our workshop helps teams develop their business case - our team have had great success helping Clinical teams succeed.

We cover:

- Working with stakeholders
- Getting the right data
- PROMs/PREMs and other patient data
- Building relationships with the Commissioners
- Preparing your case
- Measuring the right outcomes
- The importance of a team approach

What do our Delegates think?

"For people thinking about going on the Business Skills course, I would strongly recommend it. If you've got a business case in mind or you are planning for one, going on the course will make you as effective as possible." **Kassim Javaid**
